Re: U.S. Lacey Act compliance – Agreement for Purchase orders 2009-

In 2008, the U.S. amended a law known as the Lacey Act, 16 U.S. Code 3371 et seq. The Lacey Act now applies to most non-food plants and plant products shipped within the United States, including those produced domestically as well as those sourced from foreign locations. The products we purchase from you are covered by the Lacey Act, and our commercial agreement with you will need to be amended.

Based on this change in the law, the parties hereby agree that the following provisions are hereby made a part of the above-referenced agreement:

A. Supplier represents and warrants that in compliance with the Lacey Act, 16 U.S.C. 3371 et seq., all wood, wood fiber, chips or other plants, plant products or derivatives thereof (collectively, "Plants") comprising all or a part of, or an ingredient in, the Products sold under this Agreement were harvested, taken, possessed, transported and sold in compliance with the laws of the countries in which the Plants were harvested, taken, possessed, transported or sold, including laws that: (I) protect Plants; (II) regulate theft or taking of Plants from a park, reserve or other protected or designated area; (III) regulate taking of Plants without required authorizations; (IV) require payment of a royalty, tax or stumpage fee; or (V) otherwise govern transshipments or exports of Plants. For Plants sourced in the United States, such as laws include all federal, state and other applicable laws.

This becomes part of our standard terms and conditions which can be viewed at
